Subject: Re: Panel discussion 16.12.13 Monaco - Update on format

---

No problem. Do it this way. EB

I recall the discussion that we had together prior to your session during our Senior Management Conference in Interlaken and believe that this is also your preference. Therefore, we are currently selecting a good moderator for the session in Monaco and as a briefing thought about telling him about the "*world of VUCA Volatile Uncertain Complex Ambiguous*" that you presented in Interlaken. It seems to me a very good universal theme that could be a good ice-braker for the Monaco discussion.
